Hiring Manager

Centennial College

School of Community and Health Studies

Toronto, ON

Dear Hiring Manager,

I am writing to apply for a Personal Support Worker position within your institution. I recently completed my Personal Support Worker (PSW) program at Centennial College and have gained hands-on experience in both acute care and long-term care settings through my clinical placements.

During my clinical placement at Centenary Hospital, part of Scarborough Health Network, I provided direct patient care in a fast-paced acute care environment. I assisted patients with activities of daily living, monitored changes in their condition, and followed strict infection prevention and safety protocols. In my community placement at Seven Oaks, I supported residents in a long-term care environment, focusing on promoting independence, dignity, and emotional well-being through compassionate, person-centered care.

In addition to my healthcare training, I bring a background in software development, which has strengthened my attention to detail, documentation accuracy, and ability to work in structured, high-pressure environments. My previous experience as a Customer Service Representative further developed my communication skills, teamwork, and ability to interact professionally

with individuals from diverse backgrounds. I consistently apply these strengths to deliver safe, respectful, and reliable care.

I am committed to maintaining high standards of patient care while supporting interdisciplinary teams in delivering quality services. I would welcome the opportunity to contribute my skills and dedication within your institution.

Thank you for your time and consideration. I look forward to the opportunity to discuss my application further.

Sincerely,

Sajjan Gautam
